• The COE Rubric:

• Classification is based on compliance.
  a. Compliant
  b. Not Compliant
  c. Minor Deficiency: Has minimal effect on student safety and learning.
  d. Major Deficiency: Has a significant effect on student safety and learning.

• Instruction includes principles and hands-on experience in therapeutic intervention (including surgery)

• Instruction allows for opportunities to obtain, store and retrieve medical records information.
Accreditation Preparedness

Every day is a site visit.

Every one is responsible for accreditation....

Because EVERYONE IS responsible for SAFETY!
    Because EVERYONE IS responsible for the TEACHING of OTHERS!
