Neuromuscular Diagnostic Laboratory Pricing information

**Fresh muscle: $180**

Includes complete set of stains; HE, GT, PAS, amylase PAS oil red O NADH, desmin

Fresh muscle is preferred for the most in depth analysis of a myopathy

**Formalin-fixed muscle:**

PAS, hematoxylin: **$55**

Desmin (recommended for exertional myopathies) **$61**

If both fresh and formalin-fixed muscle is submitted from the same muscle group we will run the fresh sample first and hold the formalin sample for use if the fresh sample is too autolyzed.
